CONCERT '66

## FOREWORD

*By D. Charman (Headboy)*

For seven long, difficult and strenuous years, the members of the upper sixth have been devoted to their studies, and, at last, today, Saturday sixteenth July 1966, realises the climax of these studies in "CONCERT '66".

In an effort to avoid the queuing of previous years, the Printers Union has been working overtime to produce concert tickets which were made available for sale in advance of the fete.

It is hoped that the concert will be enjoyed by one and all, and that the performance will go down in the ever growing annals of Carisbrooke Grammar School history as one to be remembered.
